## Employment

### Ph.D. Student

Northwestern University  
<http://sapa-project.org/blog/>

September, 2009 - Present  
Evanston, IL

Lead multiple projects assessing individual differences in traits, abilities, and interests and their association with vocational and educational outcomes.

Used structural equation modeling and item response theory to develop open-source surveys and items for assessing temperament and scientific interests.

Published analytical and methodological tutorials for researchers on [sapa-project.org/blog](http://sapa-project.org/blog/).

Co-developed <https://sapa-project.org> using PHP, R, and MySQL. SAPA collects data from 40,000+ participants/year, which are then analyzed using R, visualized, and published.

Administered Linux server for [sapa-project.org](http://sapa-project.org), which involved BASH scripting, vulnerability testing, MySQL optimization, etc.

### Lab Manager

York University  
<http://www.yorku.ca/health/psyc/>

October, 2007 - November, 2008  
Toronto, ON

Oversaw lab budgets and finances of a \$1 Million National Institutes of Health grant as well as the purchase and development of lab technology.

### Research Assistant

York University

October, 2007 - November, 2008  
Toronto, ON

Designed and authored research studies and collected data on bilingual performance advantages on the task-switching paradigm and the effect of bilingualism on children with ADHD.

Analyzed multivariate ADHD participant data using SAS and R.

#### Research Assistant

Center for Human Growth and Development

<http://www.chgd.umich.edu/>

April, 2007 - October, 2008

Ann Arbor, MI

Interviewed elementary-school aged children in a museum setting.

Children's theories and misconceptions of biological trait inheritance, deep-time, and natural selection.

#### Research Assistant

E. Margaret Evans, Ph.D

January, 2006 - April, 2007

Ann Arbor, MI

Conducted research at a University preschool and the Explore Evolution exhibition.

## Research Interests

Individual differences in traits, ability, and interests; Cognitive development, scientific literacy and attitudes, conceptual change.

## Teaching Interests

Statistics, Research Methods, Developmental Psychology, Cognitive Psychology, Personality Psychology.

## Work In Progress

**French, J. A.**, Condon, D. M., Revelle, W. R., & Rosengren, K. S. (in prep). Exploring and validating scientific interests using traits, abilities, and interest.
